1. INTRODUCTION AND PURPOSE

a. Introduction – As members of the university community, all faculty, staff, students, members of the Board of Trustees, university officers, and affiliates are responsible for sustaining the highest ethical standards of this institution, and of the broader community in which we function. The University values honesty, integrity, fairness, and responsible stewardship, and strives to integrate these values into all that we do, as reflected in the (draft) Faculty Manual, Student Code of Conduct, Administrative Policies and Procedures, and all other university policies. This Code of Conduct is intended to provide an overarching general statement that supplements, but does not replace, existing university policies and codes. Other university policies and codes provide more specific guidance and must be used as appropriate.

b. Purpose – In this spirit, this Code of Conduct (the “Code”) is a shared statement of our commitment to upholding the ethical, professional and legal standards we use as the basis for our daily and long-term decisions and behavior. We will all be cognizant of, and comply with, the relevant policies, standards, laws, and regulations that guide our efforts. We are each individually accountable for our own actions and, as members of the university community, are collectively accountable for maintaining these standards and for compliance with all applicable laws and policies.

2. STANDARDS OF INTEGRITY AND QUALITY

The University recognizes the importance of maintaining a reputation for integrity that includes, but is not limited to, compliance with laws and regulations and its contractual obligations. AUK strives at all times to maintain the highest standards of quality and integrity.

Frequently, the operating activities and conduct of the community members of AUK are not governed by specific laws or regulations. In these instances, rules of fairness, honesty, and respect for the rights of others, for local tradition and values, and for shared global human values govern our conduct at all times. In addition, each individual is required to conduct university business and academic activities with the utmost honesty, professionalism, accuracy and fairness.

3. COMPLIANCE WITH LAWS

The University is in a heavily regulated environment. Compliance with laws is important as a matter of principle. Members of the university community will conduct university activities in compliance with applicable laws, regulations, and university policies and procedures. Administrators, supervisors, and faculty are responsible for teaching and monitoring compliance. When questions arise pertaining to interpretation or applicability of policy, the individual with a question should contact the appropriate individual or office that has oversight responsibility for the policy.

4. CONTRACTUAL OBLIGATIONS

The acceptance of an agreement may create a legal obligation on the part of the American University of Kuwait to comply with the terms and conditions of the agreement and applicable laws and regulations. Therefore, only individuals who have authority delegated by an appropriate university official are authorized to commit to, or enter into agreements on behalf of the university.

5. CONFIDENTIALITY AND PRIVACY

On behalf of the University, community members receive and have access to various types of confidential, proprietary and private information. Each community member will comply with all Kuwait laws and regulations, agreements with third parties, and university policies and principles pertaining to the use, protection and disclosure of such information. No unauthorized use or disclosure of such information is allowed either during the community member’s association with the University or after the association with the University ends.

6. CONFLICT OF INTEREST

Community members are responsible for being familiar with, and are bound by, applicable conflict of interest policies. Outside professional activities, private financial interests or the receipt of benefits from third parties can sometimes cause an actual or perceived divergence between the university mission and an individual's private interests.

7. HUMAN RESOURCES

American University of Kuwait is an institution dedicated to the pursuit of excellence and facilitation of an environment that fosters this goal. Central to that institutional commitment is the principle of treating each community member fairly and with respect. To encourage such behavior, the university prohibits discrimination and harassment and provides equal opportunities for all community members and applicants regardless of their sex, race, religion, age, disability, or any other basis prohibited by Kuwait laws. Where actions are found to have occurred that violate this standard, the University will take prompt action to cease the offending conduct, prevent its recurrence and discipline those responsible.

8. FINANCIAL REPORTING

All university accounting entries, accounts, financial reports, expense reimbursements, time sheets, and other documents, including supporting documentation, must be accurate, clear and complete, and in accordance with applicable policies, agreements, standards, and regulations.

9. USE OF UNIVERSITY RESOURCES

University resources are reserved for operating purposes on behalf of the University in the pursuit of its mission. They may not be used for personal gain, and may not be used for personal use except in a manner that is incidental and reasonable in light of the person's role and responsibilities. University resources include, but are not limited to, the use of university systems, such as telephone systems, data communication and networking services, and the American University of Kuwait domain for electronic communication forums; and the use of university equipment, such as computers and peripherals, university vehicles, and other equipment; and the use of procurement tools such as credit/purchasing cards and petty cash; and the time and effort of other staff, students, and others at the University.

10. PROFESSION-SPECIFIC STANDARDS

Some professions and disciplines represented at the University are governed by standards and codes specific to their profession. Those professional standards generally advance the quality of the profession and/or discipline by developing codes of ethics, conduct, and professional responsibility and standards by which their members are guided. Those belonging to such organizations are expected to adhere to university policies and codes of conduct in addition to any professional standards. If a community member believes there is a conflict between a professional standard and university policy, he/she will consult with the appropriate member of the university administration.

11. REPORTING POSSIBLE VIOLATIONS

Members of the AUK community should report possible violations of applicable laws, regulations, contractual requirements, or other violations of this Code. The reporting should be made through avenues specified in applicable university policies and codes, normally beginning with the immediate supervisor. In the absence of applicable university policies and reporting processes, possible violations should be reported to HR. Reports may be made confidentially, and the University will make every effort to honor confidentiality to the extent it does not conflict with external regulations and laws.

Each report will be reviewed as timely as possible, and at the appropriate level within the University. If a report involves an issue that should be dealt with through processes identified in other published university policies and codes, an appropriate and timely referral will be made.

12. CONSEQUENCES OF VIOLATIONS

Community members should recognize that noncompliance can have severe adverse financial and other consequences, potentially affecting the reputation and operations of the entire University. Violation of the Code, of laws and regulations, or of related

university policies and procedures may carry disciplinary consequences up to and including dismissal.

2. Code of Academic Honesty & Integrity

Members of the American University of Kuwait community study and work together in an institutional framework dedicated to the

pursuit of knowledge and learning. Freedom of inquiry, learning and intellectual pursuit flourishes only in a community in which the participants are committed to the mutual respect of each other's role and activity.

Academic freedom, freedom of expression and dissent, tolerance of diversity are values that guide the norms of conduct of students, faculty, staff and administration at AUK. The educational mission of the University community is best realized and advanced when the rights, responsibilities, and reasonable standards of conduct and academic integrity are observed. The American University of Kuwait expects the highest standards of academic integrity and honesty from its students.

In light of the above noted values and norms of conduct, the Student Code of Academic Honesty & Integrity outlines acceptable and unacceptable academic behavior for AUK students as well as appropriate disciplinary procedures, penalties and sanctions for violations of academic integrity.

Upon admission to the American University of Kuwait, students agree to act responsibly in all areas of academic, personal and social conduct and to take full responsibility for their individual and collective action. Such regulations are found in the American University of Kuwait Catalog, Student Handbook, and the AUK website at www.auk.edu.kw. Any question of interpretation regarding the Code of Academic Honesty and Integrity shall be reported to the appropriate Academic Dean. The Code shall be reviewed annually at the discretion of the Academic Deans.

Any student or student organization found to have committed the following violations or misconduct, either on or off campus, is subject to the disciplinary sanctions outlined in Adjudication Procedures.

Violations of Academic Honesty and Integrity

Academic Dishonesty

Including but not limited to the following:

1) Cheating:

The term "cheating" includes but is not limited to, copying homework assignments from another student; working together with another individual on a take-home test or homework when not approved by the Instructor, looking at and/or copying text, notes or another person's paper during an examination when not permitted to do so.

Cheating also includes the giving of work information to another student to be copied and/or used as his/her own. This includes but is not limited to giving someone answers to exam questions either when the exam is being given or after having taken an exam; informing another student of specific questions that appear or have appeared on an exam in the same academic semester; giving or selling a term paper, report, project or other restricted written materials to another student. Some forms of dishonesty are detailed on the next page.

2) Plagiarism:

The term "plagiarism" includes, but is not limited to, an attempt of an individual to claim the work of another as the product of his/her own thoughts, regardless of whether that work has been published. Plagiarism includes, but is not limited to, quoting improperly or paraphrasing text or other written materials without proper citation on an exam, term paper, homework, or other written material submitted to an Instructor as one's own work. Plagiarism also includes handing in a paper to an Instructor that was purchased from a term paper service or downloaded from the Internet and presenting another person's academic work as one's own.

Individual academic departments may provide additional examples in writing of what does and does not constitute plagiarism, provided that such examples do not conflict with the intent of this policy.

3) Violations of Copyrights:

International copyright laws must be observed by all students. Violations of copyright laws include making unauthorized use of printed materials, duplicating computer software, duplicating copyrighted materials, and reproducing audio-visual works. Students found in the possession of materials violating international copyright laws will be referred in writing to the Chair of the appropriate discipline and to the appropriate Academic Dean.

4) Dishonesty in Papers:

Papers submitted in courses must be the original work of the student with appropriate citations and references. Papers or other reports prepared by another person or purchased from another person or company and submitted as one's own work is a violation of academic honesty.

5) Work for One Course Submitted for Another:

Work submitted for one course may not be submitted for another. It is a violation of academic integrity to submit the same work in more than one course. The incorporation by students of past writing or research into current projects must be clearly indicated.

6) Falsification of Data:

Deliberate falsification of data for coursework, research papers or projects and other academic activity is a violation of academic

integrity.

7) Inappropriate Collaboration:

Working and collaborating with a fellow student or others without acknowledging their assistance is a violation of academic integrity.

8) Dishonesty During Exams:

This includes the use of unauthorized materials, receipt of information and/or answers from others during the examination, or the transfer of unauthorized materials, information or answers to another student.

9) Adjudication of Academic Dishonesty and Integrity:

The University reserves the right of imposing on the violators of academic honesty disciplinary action ranging from a failing grade in the exam, paper or course to suspension or dismissal from the University

Jurisdiction

1) Faculty Jurisdiction:

The course Instructor has full authority to impose penalties in cases of academic violation of the University's Code of Academic Honesty and Integrity that occur in his/her course.

Students wishing to bring charges of violation of academic honesty against another student should do so through the faculty member in whose course or academic activity the alleged code violation has occurred. In the case of students bringing charges against other students, the student bringing charges must identify himself or herself to the faculty member. All cases of violations of academic honesty must be reported in writing to the Chairs of the appropriate discipline and the appropriate Academic Dean.

2) Frivolous or Malicious Complaints:

In the event that a claim of violation of academic honesty against another student is found to be frivolous or malicious, the appropriate University sanctions, including disciplinary action as appropriate, shall be taken against the complainant

3) Administration Jurisdiction:

In circumstances in which the faculty member chooses to refer such violation to the Chair, the following procedures will be observed:

Faculty members reporting an alleged case or incident of dishonesty must do so within two weeks from the date of discovery of the alleged dishonesty. The charge of dishonesty must be supported by appropriate documentation for the Chair's review.

The Chair will notify the student of the charge and will arrange to discuss the charge with the student in a preliminary meeting. The Chair will also notify the appropriate Academic Dean that the alleged offense occurred. At the preliminary meeting, the student will be presented with the charge made and the evidence provided by the faculty member. The student will be advised of the adjudication procedures including his/her rights and given the opportunity to respond. The student may respond immediately or may be asked to respond in writing within five (5) working days. Any statement or signed document by the student will become part of the evidence in the case.

If the student fails to attend the preliminary meeting, the Chair may proceed with the process as appropriate. The Chair may gather additional evidence from the student, the complainant, and other appropriate parties prior to the adjudication process.

Faculty members will not submit grades for the work in question or for the course until the case has been adjudicated. The faculty member may, at his/her discretion, discuss the alleged case of dishonesty with the student before the case has been adjudicated. If a semester grade is to be submitted before the resolution of the case, a grade of "NR" will be entered on the transcript for that course.

After reviewing the charges and evidence, the Chair will make a decision about the case. The Chair may dismiss the case, remand the case to the faculty member bringing charges or assign a penalty. The Chair has the authority to request a meeting with the student at any time.

No legal counsel or external advisor is permitted at any point during the adjudication procedure.

4) Penalties:

Students are advised that violations of the Code of Academic Honesty and Integrity will be treated seriously by the University. The adjudication of violations will take into account both the seriousness of the offense and any particular circumstances involved in assigning a penalty. Repeat offenders may be subject to more severe penalties.

Penalties for an academic offense may include but are not limited to one or more of the following, progressively more severe:

No refund or cancellation of tuition or fees is provided in such cases.

The Chair of the department will notify the student in writing of the finding of violation and the appropriate penalty assigned. The faculty member bringing the charge will also be notified in writing of these results.

5) Student's Right of Appeal:

Students have the right of appeal of the adjudication process. Appeals must be made in writing within 21 days of the date of notice.

Appeals are limited to grounds of improper procedure or lack of relevant evidence at the time of the original administrative review, or excessive penalty. The appropriate Academic Dean will review appeals. This Dean may consult the record of the case, the appeal request, and any person involved in the process of adjudication. This Dean will make the final decision.

6) Records of Disciplinary Actions:

All records related to student violation of the Code of Academic Honesty and Integrity will be retained for a period of seven (7) years after the student's last registration at the American University of Kuwait. The record will be housed in the Department adjudicating the student. If the violation and penalty is noted on the student's permanent record, the record is maintained indefinitely. These, as all student records, are subject to University regulations of confidentiality of student records.

Students have the right to review their records of the violations of the Code of Academic Honesty and Integrity through a written request to the appropriate Academic Dean.
