Notes

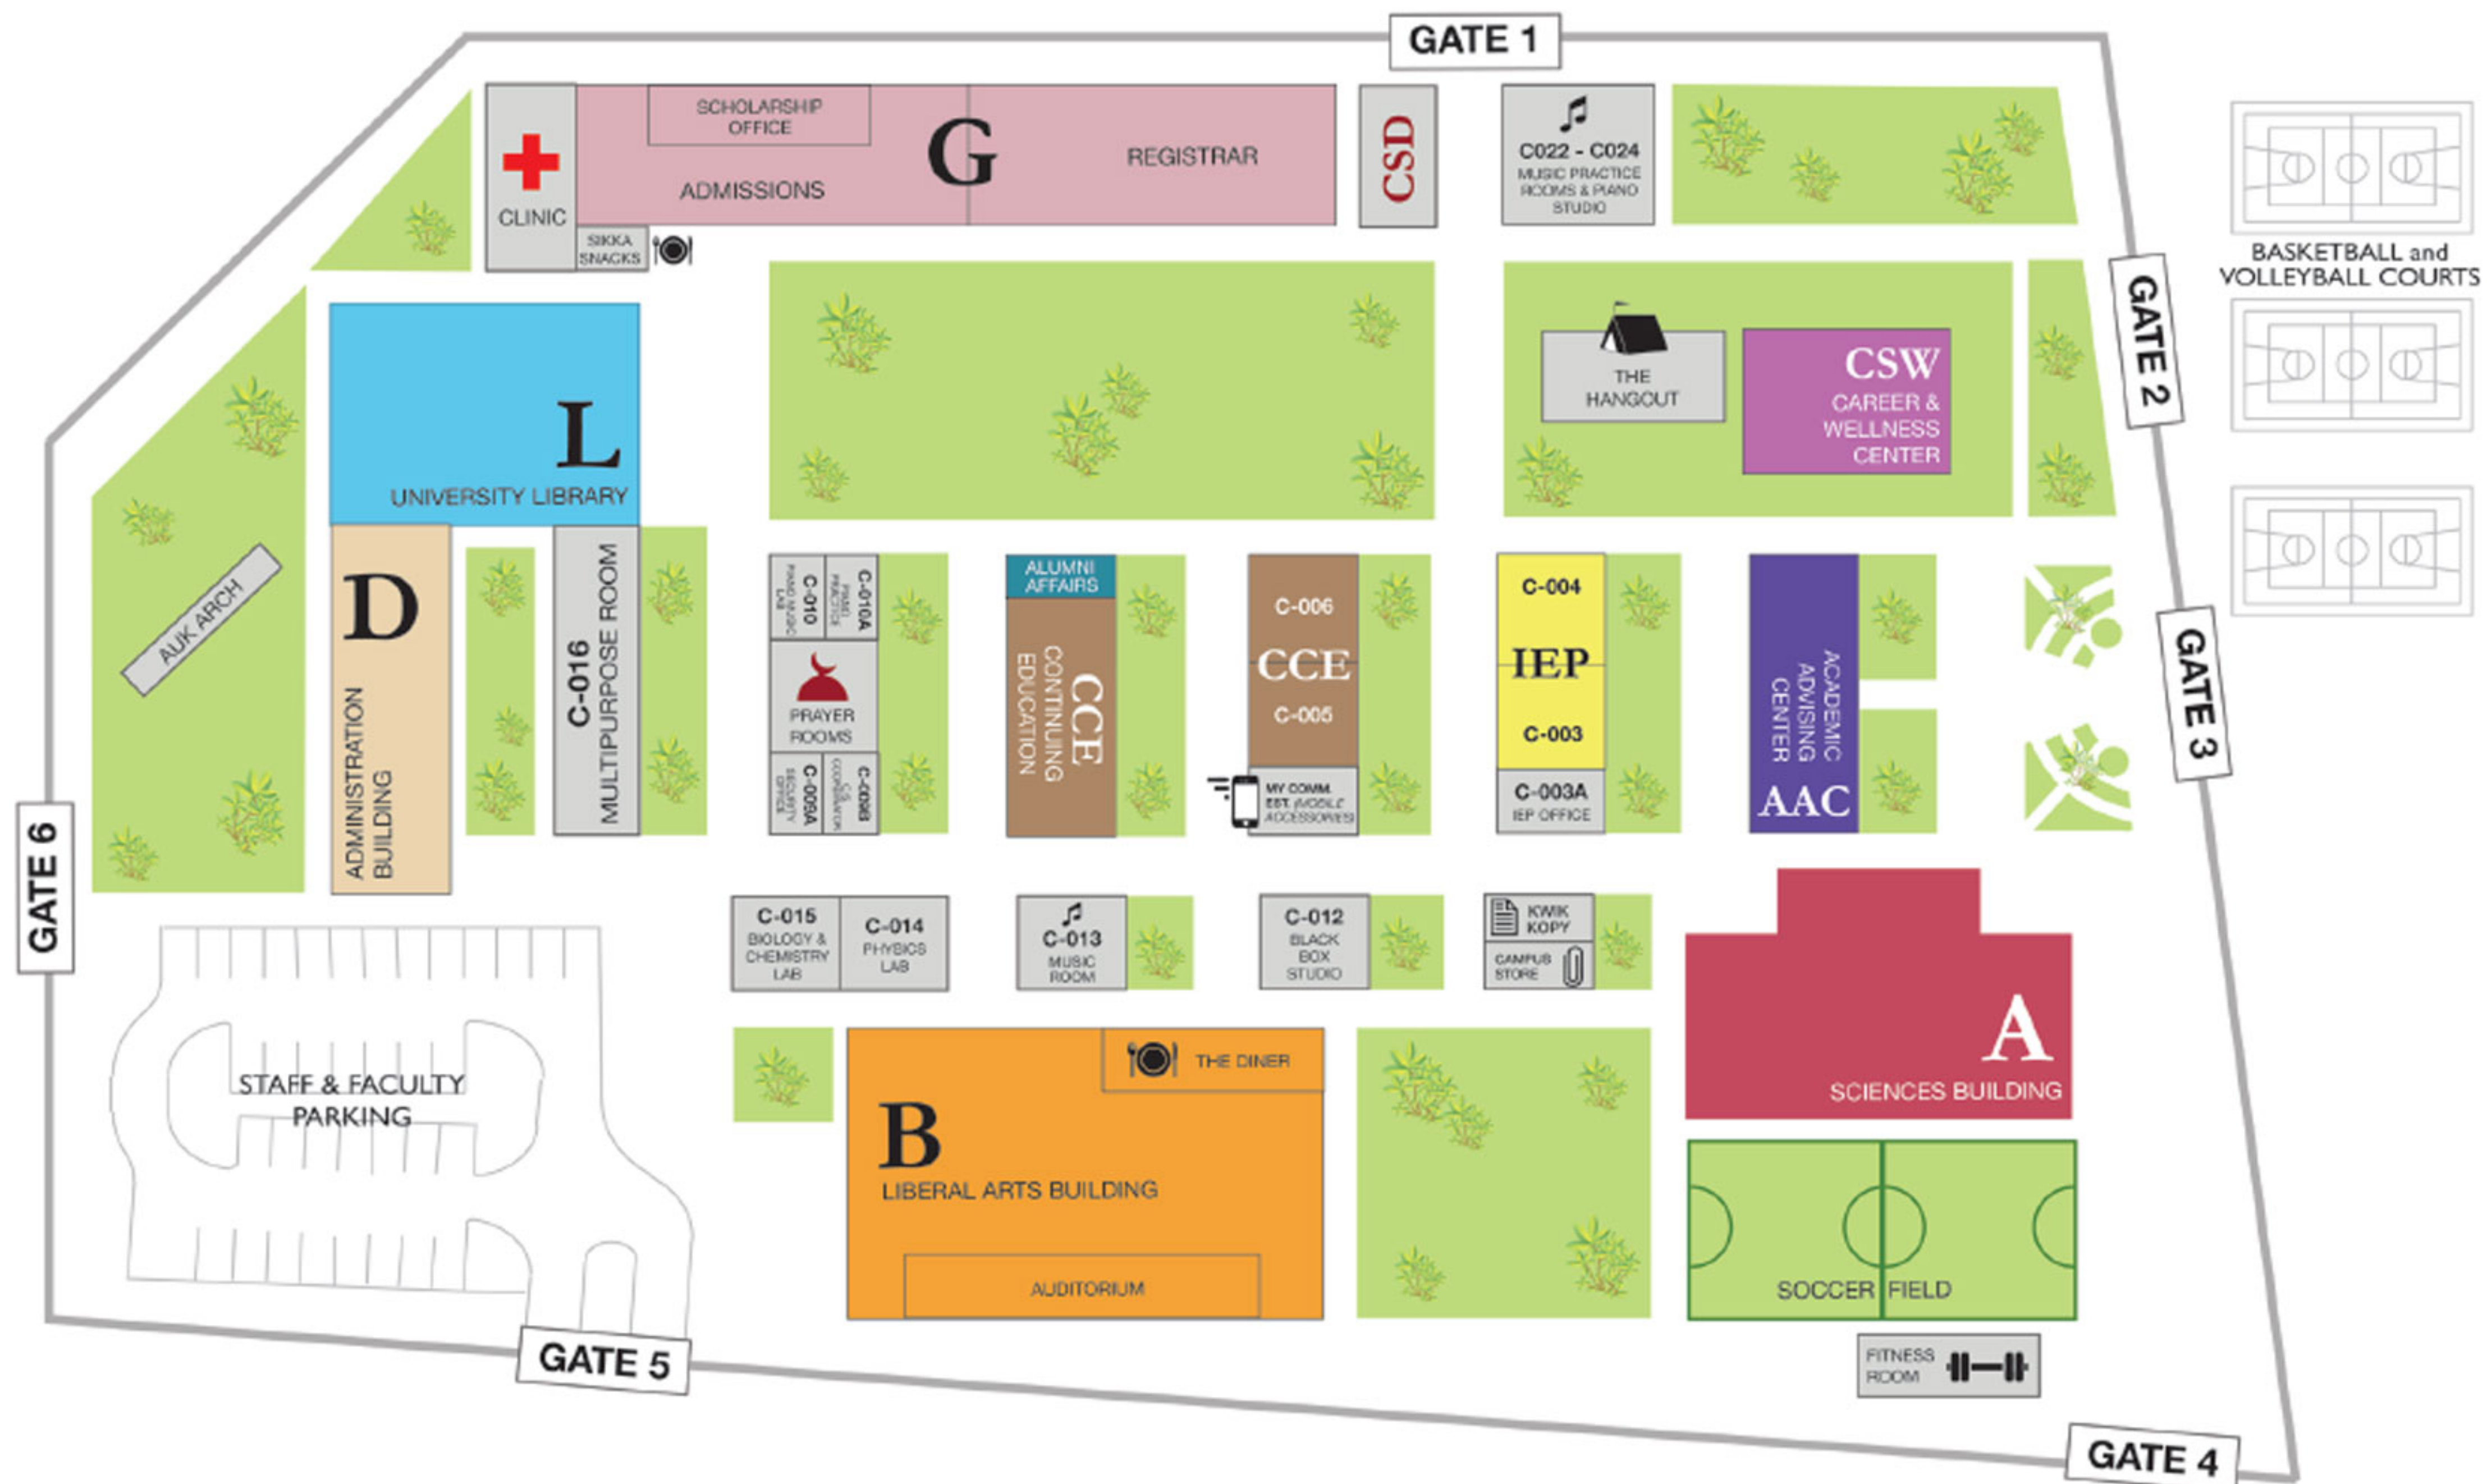

Why Wolfpack

- *Team work!* Wolves are highly social animals, usually living in packs, and work as a community. Characteristics of the AUK community.
- *Integration!* Wolves as a pack care for the young, thus enhancing one's chances of success. The Pack is similar to the AUK family value of mentoring new members of the community.
- *Communication!* The call of the wolf is the howl. Done in harmony, bringing the pack together to ward off any fears while facing down any enemy. When the AUK community calls, it is one for all and all for one.

The Wolfpack symbolizes the unity of AUK, our common vision, values, and belief system.
