RESEARCH AND OTHER CREATIVE WORK (*IF APPLICABLE*)

2015

The study's aim is to evaluate the sixth-grade English language coursebook used in the ministry of education public schools in Kuwait. The coursebook "target English" was introduced for the intermediate stage in 2004. the purpose of this research is to determine the overall satisfaction of the quality of the coursebook by language teachers and supervisors in Public schools in Kuwait and, to investigate the difficulties the textbook imposes for teachers while using it. The instrument of the study is a questionnaire that includes qualitative and quantitative data. The study findings have given an impressionistic evaluation for the course books and proposed a number of suggestions to develop the English language materials at the intermediate level at the public schools in Kuwait.
