General
English

CCE English Lab is the winner of two highly prestigious industry awards:

- ELTons award for Excellence in Course Innovation.
- The English-Speaking Union's Duke of Edinburgh Award for Resources for Secondary and Higher Learners.

This program is based on technology (web-based and interactivity) and designed to promote a deeper understanding of the world and give students the courage and means to express themselves in English through life-changing stories, respected thinkers, and authentic presentations.

By inspiring communication, both students and teachers will emerge with new confidence, new ideas, and a new determination to communicate in this increasingly information-rich world of global English. This will happen via communication, collaboration, and creative thinking, which drive students towards real 21st century outcomes and encourage them to respond to ideas and find their own voice.

English Lab Requirements

Program participants will take the CCE-AUK Language Placement Test in order to determine the appropriate level of entry.

Target Learners

- The English Lab Program offered by CCE-AUK caters to all participants at all levels of language proficiency and is suited to individuals who seek to learn English for work, study, travel or personal life, and gain the confidence to communicate in any of these contexts.
